Photogrammetry

Camera Based Surveys

We produce CAD drawings of anything. Faster, with more detail, in 3D and accurate to mm's!

We were first in 1989 with blimp based photogrammetry and over 10 years later we're first again with Browser based Engineering Drawing Management.

GIS and Digital Town Mapping

On a tight budget?

We specialize and excel in creation of accurate and comprehensive digital mapping by combining your existing maps (including OBM's) into a single seamless AutoCAD™ file or GIS. We also...

- ☞ Update and patch OBM mapping (upgrade not replace!)
- ☞ Batch convert property map tiles into AutoCAD™ or GIS
- ☞ Perform single map conversions into AutoCAD™ or GIS
- ☞ Convert your paper OBM maps into AutoCAD™ or GIS

Did you know?

Our digital mapping services are specifically targeted towards smaller communities. Our recommendations are always appropriate to our clients needs, internal skill sets and ability to maintain the mapping internally.
